

DATA SHEET

Version: 2
Revision date: 23/05/2023

1. Identification

Product name	Bovine Serum Albumin (BSA), 30 % liquid
	25 mL
Cat. No	SUB010

2. Description

Albumin is the most abundant protein in the circulatory system (about 60% of the total protein content of plasma). The most important physiological function of serum albumin is to maintain the osmotic pressure and pH of blood, and transport a wide variety of endogenous and exogenous compounds including fatty acids, metal, amino acids, steroids and drugs. Bovine Serum Albumin (BSA) is a globular non-glycosylated protein, one of the few plasma proteins lacking carbohydrate groups, as it is synthesized in the liver without prosthetic groups or other additives.

3. Specifications

- Sterility: Sterile filtered (tested for the absence of aerobic and anaerobic bacteria, fungi and yeast)
- pH: 6.5 – 7.4

4. Storage

BSA liquid (30% solution): Store at +2°C to +8°C, protected from light. For longer term storage, aliquot into working volumes and store at -20°C. Avoid freeze/thaw cycles of solutions.

5. Applications

BSA is applicable for numerous biochemical applications including: ELISAs. (Enzyme Linked Immunosorbent Assay), immunoblots, and immunohistochemistry.
Other applications include use as a protein concentration standard, DNA amplification, blood banking, nutrient in cell and microbial culture. Also used to stabilize some enzymes and to prevent adhesion of the enzyme to reaction tubes and other vessels.

6. Further information

Product Use Limitation	This product is developed, designed and sold exclusively only for research purposes use. The product was not tested for use in diagnostics or for drug development, nor is it suitable for administration to humans or animals.
Disclaimer	The information provided in this Data Sheet is correct to the best of our knowledge and belief at the date of publication. This information is intended only as a guide and should not be taken as a warranty or quality specification. Canvax Reagents S.L.U. shall not be held liable for any damage resulting from handling or from contact with the above product.
